

NEW JERSEY EARLY INTERVENTION SYSTEM

<http://www.nj.gov/health/fhs/eis>

The Early Intervention System (EIS), under the Department of Health & Senior Services, implements New Jersey's statewide system of services for infants and toddlers, birth to age three, with developmental delays or disabilities, and their families.

**To make a referral to the NJEIS
call the
Statewide Toll Free Referral Number
at
888-653-4463**

This number will connect you to a regional system point of entry (SPOE) for the NJEIS.

For children, birth to age 21 with special health care needs referrals can be made through 21 county Special Child Health Case Management Units. Additional information is available at <http://www.nj.gov/health/fhs/sch/sccase.shtml>.
