The Center for Professional Development, Innovation and Research

At RWJBarnabas Health, the value that is placed on developing and supporting our professional nurses through education is unprecedented. We are constantly creating innovative ways to help educate our staff to ensure that outcomes and safety are always the priority. Our exceptional nursing practice is based upon providing structural empowerment for patient-family centered care, shared decision-making, autonomy, and clinical excellence. None of this wonderful work could be done without education, professional development and the support of our staff from The Center for Professional Development, Innovation and Research.

We know that as you review this catalog of educational offerings across the system, you will find many ways to give a voice to your ideals, to strive for personal, professional, and academic excellence. It is through your participation in these educational programs that will enable us to exceed our reputation as one of the most innovative and successful health care systems in the country.

Nancy Holecek MAS, MHA, BSN, RN, FNAP

Executive Vice President

Chief Nursing Officer

RWJBarnabas Health

The Center for Professional Development, Innovation and Research

The Center for Professional Development, Innovation and Research at RWJBarnabas Health is dedicated to ensuring that members of the health care team have the resources to excel in this increasingly complex and challenging health care environment. We offer orientation programs, in-service education, simulation, continuing education, leadership development classes and clinical skills validation across all of the specialties. We believe that excellence is possible through ongoing education, professional development and training.

Our team is highly skilled and knowledgeable. They are committed to providing ongoing opportunities to practice, learn and grow professionally.

This catalog highlights some of the courses that will be offered in 2024 across the health system. For additional education, professional development opportunities, please contact The Center for Professional Development, Innovation & Research at your facility.

Mary Beth Russell, PhD, MA, RN, NPDA-BC, NEA-BC, FNAP, CPHQ

The Center for Professional Development, Innovation and Research is committed to contributing toward the development of all staff in the provision of safe, competent and quality patient care by presenting educational activities that enhance clinical knowledge and skills. We extend to you the invitation to continue to grow in your career, and to take full advantage of these opportunities to be an active participant in the learning process.

Contact Hours

Contact hours will be provided as appropriate for each course.

Registration

You will be able to register for most classes through NetLearning, Survey Monkey and/or by contacting the course instructor (please read the course details for instructions). Please note: classes are subject to change or cancellation. If you would like additional information about a course, or to register, please do one of the following: refer to your hospital specific Center for Professional Development, Innovation, and Research intranet page; contact your Clinical Nurse Specialist/Clinical Nurse Educator, or contact the Course Instructor.

Course Fees

Courses that are open to non-employees will have the fee listed under the course information.

Please reach out to the Center for Professional Development, Innovation & Research or the Nursing Education Department at your respective facilities for further questions about courses, programs and educational opportunities or email CPDIR@rwjbh.org.

RWJBarnabas Health is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. Provider Number P0695
