

New medical campus will bring world-class care and innovation close to home across Monmouth County

Monmouth Medical Center celebrated the groundbreaking this summer of the Vogel Medical Campus at Tinton Falls. The campus will offer seamless access to surgical and imaging services and comprehensive cancer care together with Rutgers Cancer Institute of New Jersey, the state's only National Cancer Institute-designated Comprehensive Cancer Center.

"We are proud of the trust and confidence placed in us to transform healthcare in the region through the development of the Vogel Medical Campus," said Eric Carney, President and Chief Executive Officer of Monmouth Medical Center and Monmouth Medical Center Southern Campus. "Together, we will continue to work with our patients, families, clinicians and partners to advance healthcare in our communities."

The five-story, 150,000-square-foot outpatient center, located at the historic Fort Monmouth Myer Center site, is set to open in 2026. The new medical campus is designed to enhance the patient experience by providing comprehensive same-day surgery, on-site specialty physician offices and advanced diagnostic imaging. Multiple floors will be dedicated exclusively to high quality, compassionate cancer services, offering a comprehensive oncology clinic and centers for state-of-the-art infusion and radiation therapy treatment.

WE MADE AN IMPACT TOGETHER.

Monmouth Medical Center and Monmouth Medical Center Southern Campus Recognized Among Becker's 2023's '153 Great Community Hospitals'

Monmouth Medical Center (MMC) and Monmouth Medical Center Southern Campus (MMCSC) have been recognized by Becker's Hospital Review's "153 Great Community Hospitals" for 2023. The community hospitals included on this prestigious list are lauded for their clinical excellence, compassionate care, and economic impact on their communities.

"I am so very proud that both Monmouth Medical Center and Monmouth Medical Center Southern Campus have been included on this best-of-the-best listing by a leading source of cutting-edge healthcare industry information," said MMC and MMCSC President & CEO Eric Carney.

Big Steps

Monmouth Medical Center hosted the 17th annual Big Steps for Little Feet Fall Fest fundraiser benefitting the hospital's Neonatal Intensive Care Unit on Sunday, October 15. The event is made possible by the dedicated Big Steps Committee, which is led by NICU nurse Kristin Chaparro, and features a gathering of families whose babies were cared for in the NICU.

"Our NICU, which celebrates its 55th anniversary this year, is a very special place created at Monmouth Medical Center for our tiniest, most fragile patients to receive constant monitoring and 24-hour care," said MMC Chief Nursing Officer Darla Harmer.

Power of Pink Event

Attendance and proceed records were broken at Monmouth Medical Center's (MMC) 28th annual Power of Pink Luncheon, which was held on July 20th to raise funds for a cancer wellness and recovery unit at the new Vogel Medical Campus in Tinton Falls.

Keynote speaker Stephanie March, an actress best known for starring as Assistant District Attorney Alexandra Cabot in the NBC series "Law & Order: Special Victims Unit," provided a touching address, sharing her mother's pancreatic cancer diagnosis and care journey.
